

Canfor Forestry Virtual Open House

This spring, Canfor will be holding a virtual open house on May 9th & 10th, to view our operating plans for the upcoming year.

The general public and stakeholders have the opportunity to review our planned forestry activities in road development, harvesting, reforestation and herbicide treatment for the 2024-2025 forestry year.

Public stakeholder input is gathered and utilized to influence operations where site specific concerns are identified such as trails, camping areas, recreational areas etc.

Please visit us at

<https://www.canforforestmanagement.ca/whitecourt>

to view a variety of maps available for all areas in which we operate and provide your input. We would appreciate all comments and concerns that you may have.
